FIG. 10

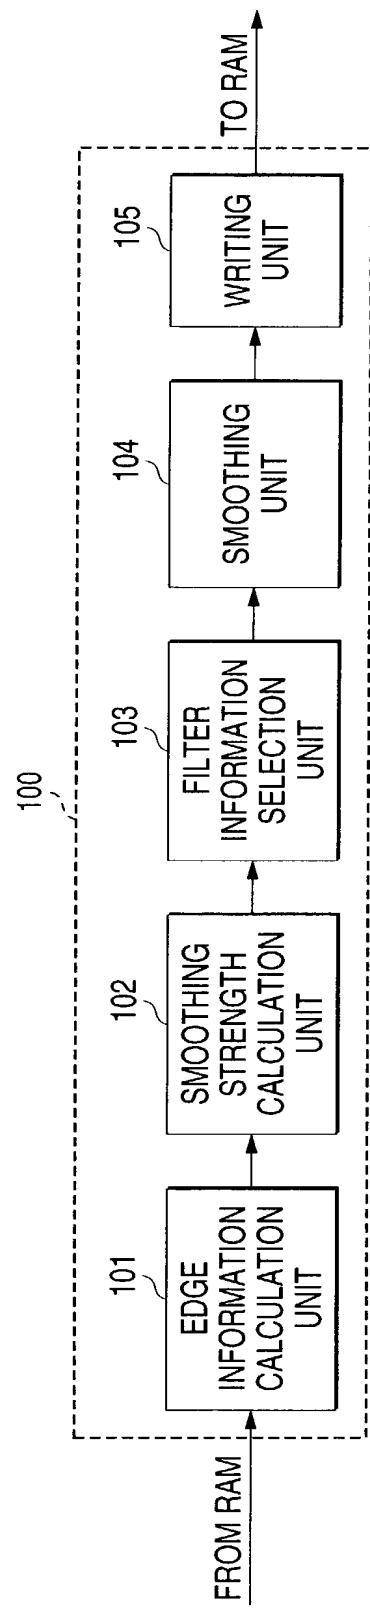

A 5x5 matrix with numerical entries. The matrix is defined by a border of five vertical lines and five horizontal lines. The entries are:

0	0	0	0	0
0	28	1	0	0
0	1	195	1	0
0	0	1	28	0
0	0	0	0	0

An arrow points from the circled '90' to the top-right cell of the matrix.
